It is not the answer that enlightens,
but the question.

— *Eugene Ionesco* —

AZ QUOTES

The secret of science is to ask the
right question, and it is the choice of
problem more than anything else
that marks the man of genius in the
scientific world.

— *Henry Tizard* —

AZ QUOTES

What we observe is not nature itself but nature exposed to our method of questioning. Our scientific work in physics consists in asking questions about nature in the language that we possess and trying to get an answer from experiment by the means that are at our disposal.

Werner Heisenberg

The scientist is not a person
who gives the right answers,
he's one who asks the right
questions.

~Claude Lévi-Strauss
